

LOVAT at R.E.T.C. 2007

LOVAT Inc. will again be exhibiting at the Rapid Excavation & Tunnelling Conference (R.E.T.C.), an international forum on developments and advances in underground construction. R.E.T.C. 2007 is being held in LOVAT's home city of Toronto, Canada, marking the first time in its history the conference will be taking place outside of the United States.

LOVAT extends a warm welcome to our visitors from abroad, and invites those attending to visit us at stand 113. We look forward to seeing you there.
